Intro PDF

Gary & JoAnn Chambers

DNA Activation

**is a Spiritually-focused Process
of Awakening and Energizing
Dormant Potentials within the
Multidimensional
Human
DNA codex**

Our Intent

**is to Unlock the Vast Energetic
Resources in the DNA Codex
utilizing our
Multidimensional
Sound & Music**

How Does It Work?

**The Music creates
Coherent Multidimensional
Waves of Energy
that Harmonize your
Environment,
which you can then breathe
into your Light Body, your Cellular
Memory and your DNA –
Harmonic Resonance**

Why Should I Do It?

**Because you are aware
that there is much
more potential within you
than you have
been able to access
and bring forth
into manifestation**

Is it Safe?

Our work in DNA Activation and Multidimensional Music spans from over 25 years of research with real-world users. You are intending your Higher Consciousness to direct the Awakening of your Multi-Strand DNA, which allows for a more organic, holistic approach to accessing your Divine DNA Blueprints.

What is the Process?

**You will listen to our
Multidimensional Soundscapes
whenever you choose
during any of your
current activities and
also before, during and
after sleep using headphones
or a home theatre
stereo system.**

Is there a Technique ?

The basic technique is to close your eyes, breathe deeply and relax. Visualize and Feel the waves of Sound and Music gradually entering your body. Your goal is to Become the Music and Dissolve into the Sounds.

Do I need to Study?

This is always up to you. We find that the more you engage with the process by listening to the music, the more your mind will open up for higher learning. We have several books in our catalog that will help you get started on your Journey. We have also provided links to recommended books and other resources for you to explore. In addition, there is a blog on our site where you can learn more from the various questions we receive each week.

What Powers can I Attain?

It is natural first for your 5 senses to expand in capability, then your Higher Sense Perceptions will begin to awaken with this work. The Third Eye will be activated pretty quickly with the music which starts the opening of your psychic centers. Each of us is unique and so we each will find our particular area of higher abilities that we want to explore. It is more about your intentions, your focus and your ability to follow through that will determine which specific abilities you will develop.

How was it Developed?

Gary Chambers started this journey at the age of 5. From there it was an unfolding, magical adventure leading him to his Divine Destiny. He is a **Master Sound Designer** and works with some of today's most advanced technologies to create these **Multidimensional Soundscapes**. In 1988, he joined with his **Twin Flame, JoAnn**, and together they have created this amazing body of work.

What are the Costs?

You can get started for FREE by listening to our 10 minute Intro Soundfile. From there, we suggest you start with the first soundscapes of the LevelOne Series which are \$22 each.

You can also buy the full set of 4 and our DNA Activation Book for \$81.95. OR, if you are feeling really ready to move forward, you can start our DNAvatar Program – a year-long journey where you can get all 22 soundscapes plus more for \$77 per month.

Is there Support?

Yes, we are always available to speak with you about your experiences and to answer any questions you may have. We offer email and LiveChat support from our websites.

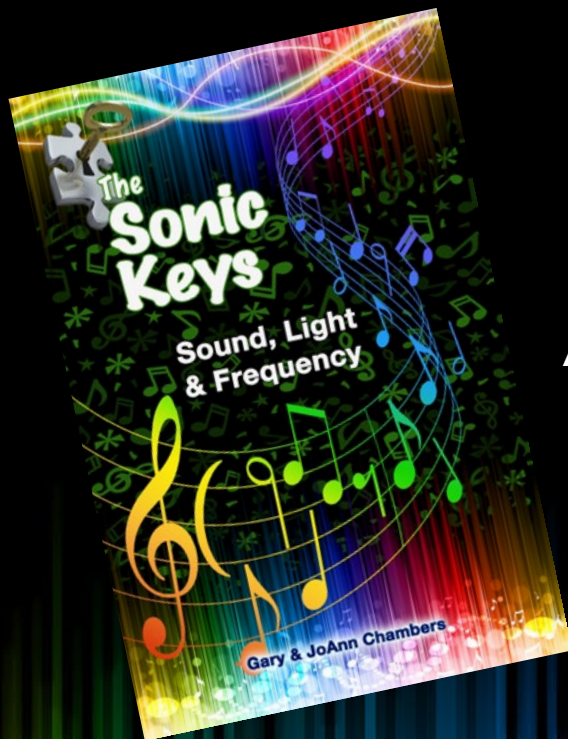

In addition to this, JoAnn is available to assist you in exploring your energy field through her clairvoyant vision. She offers chakra readings, aura portraits and pastlife readings to provide deeper insights about what is occurring in your Spiritual Bodies and your Energetic Matrix.

Where Do I Go Now?

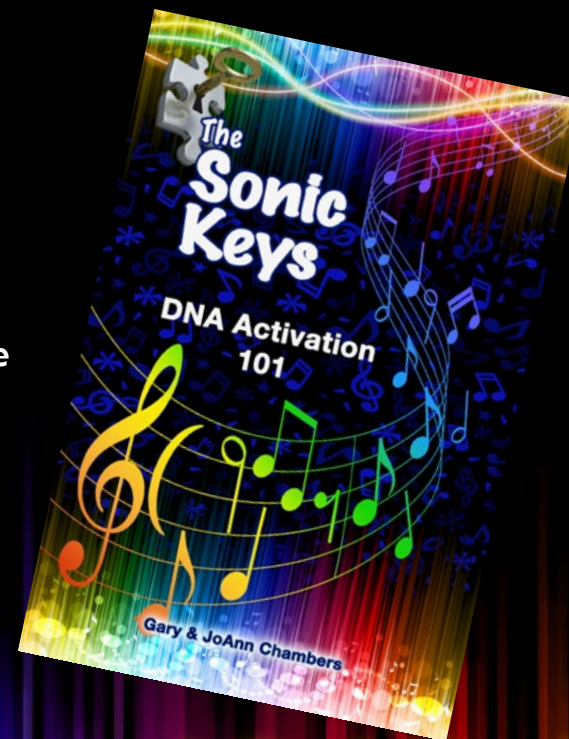

Download the FREE 10 minute MP3 of the first DNA soundscape. Be sure to set up a space in which you will not be interrupted. Close your eyes and listen deeply. Use headphones and/or an external sound system to experience it. If IT speaks to you, then your next step is to get started with the LevelOne Series. If you want to talk with JoAnn first, stop in on Live Chat to ask any additional questions you may have.

What Else Can I Read?

If you are the kind of person who likes to read and study more about a topic before diving into the soundscapes, we recommend that you begin with our Sonic Key series.
